PROTEST REGARDING YULIN DOG MEAT EATING FESTIVAL

The Norwegian Kennel Club was recently made aware of the Yulin dog meat eating festival, taking place June 21st.

The Norwegian Kennel Club will always be respectful of cultural differences. However, the treatment of dogs in conjunction with this festival cannot be described as anything other than animal abuse. The festival has therefore been met with strong reactions by many people in Norway, including our members.

The Norwegian Kennel Club therefore strongly encourages the China Kennel Union and FCI, as the largest international cynological organization, to work together to put an end to the mistreatment of animals taking place at this festival.

It is in the interest of all kennel clubs world wide that this festival is stopped. The Norwegian Kennel Club is working to promote healthy, happy dogs. We object strongly to this form of animal abuse, and hope and expect the FCI and CKU to take action regarding the matter.

Yours Sincerely
for the Norwegian Kennel Club
